PLAN & SECTION

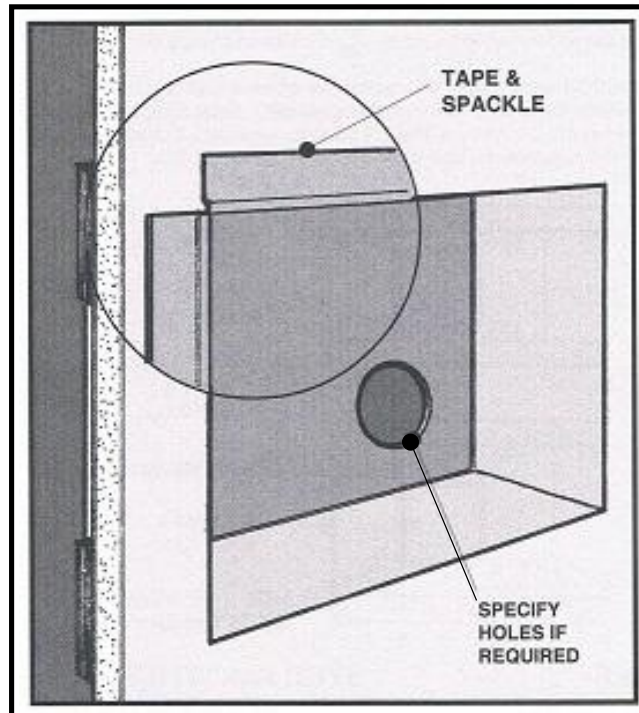

EXAMPLE DETAIL

For use with conventional metal stud construction and 1/2" or 5/8" GPDW.

The SBX may be specified in any dimension and is useful as a recessed switch/control box. Holes in the back plate can be punched to meet your requirements. Screws through the grooved fins must always engage metal or wood substructure to ensure proper installation.

BACKUP BLOCKS (OPTIONAL)
NO SCALE PERSPECTIVE

All details, methods and specifications are the exclusive property of Pitcon Softforms® LLC. Pitcon reserves the right to change any specifications or details without prior notification. All Softforms® profiles are available in standard 10' lengths ±1/8" (2.048 M). Other lengths are available as special order items. For custom shapes, sizes, or for special finishes, please contact the factory or your nearest Pitcon sales representative.
