

VENTING

Many shapes are available vented to allow for unrestricted air flow. All vent slots are 1/8" wide by 1" long, spaced 1-1/2" on center lengthwise. Multiple rows of vents are spaced laterally, 1/2" on center. Each lengthwise row of vent slots provides approximately one square inch of venting per lineal foot. Note: the "V" designation in the model numbers indicates vented availability.

| Reveal width | Vent slots | Vent area per lineal foot (approx.) | Percent of area vented (approx.) |
